GAVC Law Enforcement

This course is designed to prepare students to enter the fields of law enforcement and the criminal justice system. Instruction includes the history of law enforcement and the legal system, report writing and recordkeeping, criminal investigation techniques, and routine police procedures. Students learn how to use communications and dispatch equipment, perform proper search and seizure techniques, conduct basic criminal investigations, and execute correct pursuit and arrest procedures. Instruction also includes patrolling techniques, private security operations, traffic investigations, and community relations.

BONUS: Students will have the opportunity to hear from people working in the criminal justice field including: Police Officers, Probation Officers, Attorneys, Judges, Prison Warden and Crime Scene Technicians. Students will also have an opportunity to go on field trips to learn more about the law enforcement field.
